

End of sales products & Maintenance period (Vibration test systems)

	Model	Product name	Maintenance period	
Vibration test system	CV-series	Transportation test systems	Till September 30th, 2024*2	
	VS-series	Air cooled type vibration test systems	Till October 31st, 2022*2	
	VS-series	Water cooled type vibration test systems	Till January 31st, 2028*2	
	VS-32 series	Air cooled type / water cooled type vibration test systems	End*2	
Vibration Controller	CUA-VC	Sine Automatic Vibration Controller	End	
	CUC-VC	Sine Automatic Vibration Controller	End	
	CUD-VC	Sine Automatic Vibration Controller	End	
	MCS	Multi Channel Analogue Signal Conditioner	End	
	RC-1110	Random Vibration Controller	End	
	RC-1120	Digital Vibration Controller	End	
	RC-3000	Real Time Waveform Controller	End	
	SC-1000	Digital Vibration Controller	End	
	STS II	Sensor Testing System	End	
	STS III	Sensor Testing System	End	
	SVC	Sine Automatic Vibration Controller	End	
	SVC II	Sine Automatic Vibration Controller	End	
	SVC III	Sine Automatic Vibration Controller	End	
	SVCIV	Sine Automatic Vibration Controller	End	
	SX-2000	Random Vibration Controller	End	
		Multi-Degree-of-Freedom Vibration Controller	End	
		F3 Lite	Vibration Controller	End
		K2 (PCI Ver)	Vibration Controller	End
		K2 Sprint (PCI Ver)	Vibration Controller	End
		K2 I/F board (PCI Ver)	Vibration Controller (I/F board)	End
PC	PC (made by MTT)	PC for vibration controller (WG1006G)	End	
	PC (made by MTT)	PC for vibration controller (WG1008G)	End	
	Others	PC for vibration controller	Please check the manufacturer's website.	

Power amplifier*1	CE-7144	Power amplifier	Till September 30th, 2028
	PET-05A	Power amplifier	Till September 30th, 2028
	PET-05AM	Power amplifier	Till September 30th, 2028
	PET-OA	Power amplifier	Till September 30th, 2028
	PET-OAM	Power amplifier	Till September 30th, 2028
	SA-100A	System controll unit	End
	SA-120	System controll unit	End
	SA-150	System Control Unit	Till March 31st, 2028
	SA-200	Power amplifier (Final)	End
	SA-250	Power amplifier (Final)	End
	SA-251	Power amplifier (Final)	End
	SA-300	Power amplifier (Final)	End
	SA-301	Power amplifier (Final)	Till March 31st, 2028
	SA-311	Power amplifier (Final)	Till December 31st, 2025
	SA-312	Power amplifier (Final)	Till December 31st, 2025
	MACS II amplifier	Power amplifier (Final)	End
	VA-ST-DRIVE	Power amplifier	Till September 30th, 2024
	VA-ST-FINAL	Power amplifier	Till September 30th, 2024
	VA-ST-03	Power amplifier	Till September 30th, 2024
	VA-ST-06	Power amplifier	Till September 30th, 2024
Vibration generator	EV-501	All weather vibration simulation system	End
	MACS II	3 axis vibration tester	End
	VE-7144	Vibration test system for callibration	Till September 30th, 2028
	VEH-10	Wide frequency band type	End
	VEH-30	Wide frequency band type	End
	VEH-50	Wide frequency band type	End

*1 If the power amplifier includes the above power modules (SA-100A, SA-200, etc.), it cannot be partially updated. If necessary, the entire power amplifier must be updated.

*2 Maintenance for most mechanical parts is possible. Please contact us for further information.
